A. University coverage

U-Multirank's 2018 edition presents data on 48 Italian higher education institutions.

New this year: U-Multirank has created a new 'Study in...' section highlighting study destinations for students. To explore 'Study in Italy', follow this [link](#).

For the full list of all universities from Italy included in U-Multirank, please follow this [link](#).

*Please note the list is sorted in alphabetical order by countries and then university names.

B. Italy's higher education performance in U-Multirank

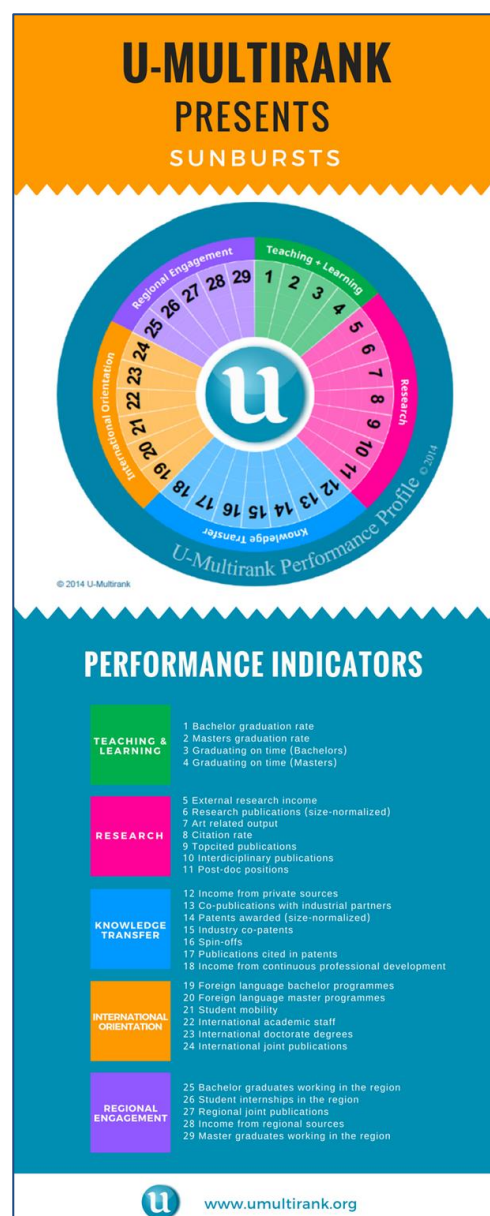

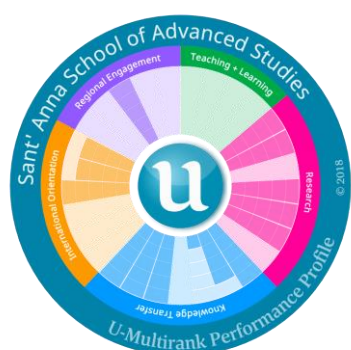

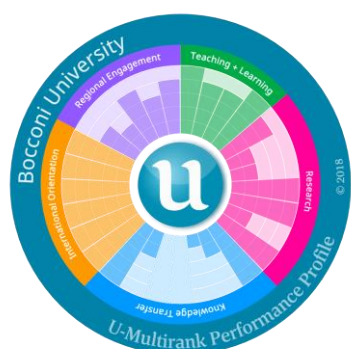

1. Italian higher education institutions show a strong performance in the dimensions Research and Regional Engagement.
2. Italian higher education institutions achieved seven spots among the global top 25 universities lists in U-Multirank's 2018 edition: University Guglielmo Marconi (2), LUISS Guido Carli (2), Bocconi University (1), IMT School for Advanced Studies Lucca (1) and International Telematic University UNINETTUNO (1).
3. Bocconi University has the highest number (14) of top scores among all Italian institutions, followed by Free University of Bozen-Bolzano (13), IMT School for Advanced Studies Lucca (13), the Polytechnic University of Milan (12), and Sant' Anna School of Advanced Studies (11).

C. Universities with the highest number of overall top scores

In this section we highlight the five universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country (*in the event of ties, more universities will be shown*). **Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).** Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths. A key guard is provided for the sunburst chart. For a list of definitions and calculations of indicators, see our [Indicator Book](#).

Italian universities with the highest number of overall top scores in 2018	Total 'A' scores 2018	Total 'A' scores 2017

Free University of Bozen-Bolzano	13 ↑	11
IMT School for Advanced Studies Lucca	13 ↑	12
Polytechnic University of Milan	12 ↑	11

D. National performance: above or below average?

In this section we highlight the overall performance of Italian universities on the institutional level per U-Multirank dimension. The below table shows the national breakdown of Italian universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

Italian higher education institutions perform strongest in U-Multirank's Regional Engagement and Research dimensions.
